**EPA Holds Initial Consultation Meeting with the Seneca Nation of Indians** – EPA Regions 3 and 2 held an initial consultation meeting with the Seneca Nation of Indians (SNI) on September 9, 2020. Three pending actions in Pennsylvania were discussed: Pennsylvania’s triennial review of water quality standards, Pennsylvania’s proposed rulemaking to revise the manganese water quality standard and implementation, and Pennsylvania’s 2020 303(d) impaired waters list. EPA expects to complete consultation with SNI on the triennial review by the beginning of October, the 303(d) impaired waters list by the end of October, and the consultation on the manganese water quality standard is ongoing. **(Katie Bentley 215-814-6762)**
